

ICE CREAM & DAIRY

***A 100 year old story
of Ice Creams
and Happiness***

Heritage

Today and Beyond

The Beginning

With a single-minded agenda to spread happiness, joy and smiles, Vadilal Group has really come a long way since its humble beginning in 1907. Then it was just a small soda shop – a one-man operation. Later in 1926, it transformed into a retail outlet. Since then, there was no looking back. Today we are one of the largest food companies in India and have consistently scaled new heights in domestic as well as global markets.

Within a century of its presence, Vadilal has travelled through four generations. Every generation has contributed immensely to keep the momentum going. This progressive and dynamic thinking has successfully transformed the company to a notable modern corporate entity.

The Growth Story

For more than a staggering period of 8 decades, constant innovation and focus on quality has helped us provide the best experience through every product to our consumers. Today, with a huge network of around 700 distributors, we pride ourselves on having one of the strongest cold chain distributions in India. Our products can also be enjoyed at our parlours, which serve sumptuous scoops, flawlessly fashioned sundaes & tasty concoctions crafted from quality ingredients and the best ice cream.

We boast of the largest range of ice creams in the country, with more than 150 amazing flavors sold in more than 300 packs and forms. Voted as India's Most Trusted Brand in the ice cream category, with having won over 24 national and international awards, we wish to scale new heights and collectively grow with all our stakeholders.

Spreading Happiness Worldwide

Vadilal's global presence is hinged on a delectable and authentic range of traditional flavors available under the umbrella brand 'Vadilal Quick Treat'. We are recognized for being 100% vegetarian (with no eggs) and for using the finest ingredients and specially curated recipes. Our accreditation to national and international certification authorities ensure the highest quality norms. This reputation has led to our presence in over 45 countries across North and South America, Europe, UK, the Middle East, Africa, South East Asia, Australia and New Zealand. The company's robust worldwide distribution network is working on taking the brand to new countries around the world. In USA, we have leaped ahead to become America's largest selling Indian ice cream brand with a wide range of products available in every Indian retail store, we are focusing on furtherenticing the American consumer and becoming a household brand in America.

For Vadilal, the journey continues, as more and more people around the world experience our irresistible repertoire of products. And as the Company moves ahead, the future continues to be inspired by the enduring passion for spreading happiness.
